I like a man like sunny Jim,
For nothing ever worries him,

Nor heeds the scoffing of the rude:
"Innocuous desuetude."

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick follows that count—and eat.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

FUNNY BUSINESS.

Editor Ledger: What funny things one sees when he hasn't got a gun—or when he reads the proceedings of the Maysville Business Men's Club.

What right, pray, had a few members, even a "quorum," to get together, without notice to the paid membership of some hundred-and-odd, and to vote away the money belonging to the members—practically voting it to themselves, for it was ordered [urged over to the Maysville Amusement Company, in which the chief movers are financially interested?

A prominent city official once declared that he "would not take the taxpayers' money to give to a damned corporation," and yet here is a case where one or more "officials" took money subscribed for a particular purpose and gave it to an undamned corporation!

What would be thought of the officers of a railroad company who would vote to themselves the contents of the treasury without the consent of the stockholders?

Wouldn't they be charged with embezzlement?

Pupils of Miss Rains in Recital

Quite a large and select audience attended the recital given last evening by the pupils composing Miss Jessica T. Rains' music class. The recital took place in the Sunday-school room of the Third Street M. E. Church which had been very tastefully arranged for the occasion.

The program rendered was of the very best order of music, and was well rendered by the young folk of the class, each showing that rare skill that comes by thorough competent training.

The class is indeed fortunate in having such a splendid teacher as Miss Rains, and she is to be congratulated on having such apt pupils.

Miss Marie Curtis Rains, teacher in the kindergarten schools of Cincinnati was present and sang two beautiful selections which added much to the attractiveness of the program.

It is to be much regretted that Miss Rains will not teach in Maysville next year as she and her mother, Mrs. Frances Rains, will spend the winter in Cincinnati. The loss of such excellent people from our city will be severely felt in church and social circles.

The total dividends will not reach 60c on the dollar.

Tomorrow is Athletic day at ball park. Fine program.

Mr. H. Yates and sister of Kansas City passed through the city yesterday en route to Flemingsburg, where they will visit relatives and friends.

[FOR PRESIDENT,
WILLIAM HOWARD TAFT.

The Financial News estimates that the L. & N. "will earn 18 per cent on its \$60,000,000 of stock during the current fiscal year." A neat little bit of interest. But it also shows that freight is moving in Kentucky.—Owensboro Messenger.

There are over two million pensioners in this country now. There will be five millions of them by the time a pension roll is provided for every kind and class of Government employees. Then only one thing will remain to be done—to pension everybody who

Pensions For Everybody.
hasn't saved a dollar, as Lloyd-George and the other British social reformers have undertaken to do. France and Germany are rapidly becoming nations of pensioners. There was a time when the idea of putting everybody's hand into the public treasury would not have received much toleration in the United States of America. But we have been going fast and far in the other direction during the past twenty years.—Hartford Times.

We are at odds with the Methodist General Conference says the Ohio State Journal. They refused to restore the name of "presiding elder," which they had dropped for "district A Word for Presiding Elders."

That was a great mistake. One of the proudest recollections of our

life was when the presiding elders stopped at our house, ate stewed chicken and hot biscuit and led in family prayer. We would give \$1,000 to be back with those old fellows again. They were saints, all of them, and the benediction they left on the household remained for many days. In fact, we sometimes think we feel it yet. And then to see them turn their backs on "presiding elder." No wonder so many hearts, filled with sweet memories, protested.

Prosecution of offenders against Federal laws was given a tremendous impetus by the Supreme Court of the United States in its holding that conspiracy to violate Federal laws could be punished in any state where an over act was done to further that conspiracy.

Justice McKenna laid down the doctrine, which was supported by Chief Justice White and Justices Day, Vandeveer and Pitney, Justice Holmes dissented and with him were Justices Burton, Hughes and Lamar. Justice Lamar declared that trial should be only where the conspiracy was entered into.

An immediate result of the decision reached, Henry A. Hyde and Jost H. Schneider, of California, were held guilty of "land fraud" conspiracy as found by trial in the District of Columbia. Hyde and Schneider, with John A. Benson and Henry P. Dimond, were indicted in 1904. It was alleged they conspired to get title to large areas of school lands and exchange it under the law of 1897. It was alleged they bribed employees of the General Land Office at Washington to expedite the change and get certain information.

The wicked Pensacola Journal thinks the modern woman's attire is all right "as far as goes."

Lorimer, Stephenson and Senator Simon are yet directing in a measure the destinies of this nation—and they paid the price.

Teddy asked for 250 convention tickets, New declined. The committee on applause will have to pre-empt an adjoining roof.

Incidentally, our own opinion is that Roosevelt resembles P. T. Barnum much more closely than he does Lincoln.—Philadelphia Enquirer.

A woman has been appointed to a government job of destroying paper currency. Woman's ability to get rid of the stuff is universally recognized.

Dr. Lyman Abbot testifies he has frequently seen Roosevelt drink six glasses of milk at a meal. The Colonel talks like he is full of buttermilk.—Cynthiana Democrat.

Film pictures of the inside of the crater of Vesuvius have been secured. After that photographers may tackle without dismay the inside of that Chicago convention hall. Science gradually conquers all things.—Brooklyn Eagle.

"If we have the recall of judges and of judicial opinions we will make cowards of the judges. It is a good thing for this country that we have at this time as President a man who has himself been a judge and who will stand by the principles of the constitution."—Former Senator Spooner.

Rowan county should be proud of its distinguished scholar, Mrs. Cora Wilson Stuart, President of the Kentucky Educational Association. Altho one of the smallest mountain counties of the state, it can boast of an excellent school system, under the guidance of Mrs. Stuart, who has been County Superintendent for years.—Winchester Democrat.

The split in the Republican party has assumed the proportions of a yawning chasm.—Sharpsburg World.

Yes, everybody's yawning and getting tired of Taft bagging all the votes and of Teddy ranting around like a wild man. By the way, wouldn't Roosevelt be a bird in the White House? A lunatic asylum would be the proper place for him.

And speaking of that "yawning chasm," did you notice that the Republican National Committee is now bridging that so-called chasm?

Democrats of prominence in various parts of the country are saying that the biggest bone of contention at Baltimore will no doubt be over the platform to be adopted by the party. In fact a pronounced struggle is predicted over this document. As the time draws nearer for the convention the friends of Colonel Bryan say they feel more certain that he will be nominated, while his opponents in his own party say that to receive the nomination he would have to assure the leaders of a harmonious convention, a platform that would entirely offset the Republican platform and everything else that would demonstrate to the majority of the delegates that he could win an election.

SOUTHERNER'S CONSOLATION.
Washington Star.
Quartermaster General Edwin A. Taylor, of the United Sons of Confederate Veterans, told at a Memorial day banquet in Memphis this story:
"A Southerner sat in the lobby of a New York hotel discussing certain campaigns with a Northerner.
"Well," the Northerner ended with a laugh, 'well, we licked you, anyhow.'
"Yes, you did," the Southerner admitted, 'but, by gosh, it's plain, from the size of your pension list, that before we got in we crippled every blessed one of you!'

BOHUMIR KRYL.

BOHUMIR KRYL and his band will be one of the leading musical features of the forthcoming Chautauqua program. Kryl, according to the Los Angeles Times, is beyond any question the greatest cornetist in the world, and the Cincinnati Enquirer speaks of him as a great conductor and the head of a great band. He was working as a sculptor and as such had achieved no little fame, when he laid down the chisel and took up the cornet at the suggestion of no less a great personage than the world famous John Philip Sousa. As a sculptor one of his famous accomplishments was the preservation of the features of the author of "Bea-Hu" in marble. This was Kryl's last piece of sculpture, and his best. Since he began his career as a musician he has directed his band in nearly all the large cities of America. He comes to the Chautauqua direct from the Riverview exposition, Chicago.

A New York engineer calculates that the work of raising the Titanic could be done at a cost of \$1,000,000, and will set about to raise this money at once. He claims the ship and contents will amount to about \$25,000,000. Where the Titanic went down is said to be 2 miles deep, but he claims on account of the density of the water the vessel did not go to the bottom, but is suspended in the water only as far down as her weight could overcome the resistance.

Rev. E. G. B. Mann Home

Lexington Herald.

Rev. E. G. B. Mann, editor of the Central Methodist Advocate, this city, and presiding elder of the Maysville district, has just returned from an extensive trip into Southern Kentucky. During his absence he attended the district conference at Burkesville, Ky., and conducted a successful revival at that place. In getting to Burkesville, which is in Cumberland county, one of the remote counties on the Kentucky-Tennessee boundary line, he had to travel more than 100 miles by buggy over the mountain roads.

WELL DESERVED

THE PRAISE THAT COMES FROM THANKFUL MARYVILLE PEOPLE

One kidney remedy has known merit. Maryville people rely upon it. That remedy is Doan's Kidney Pill. Maryville testimony proves it reliable.

Frederick Dresel, 1233 East Second street, Maryville, Ky., says: "Since I used Doan's Kidney Pill in 1908, I have not had kidney trouble. All that I said at that time praising the remedy still holds good. I was troubled with inflammation of the bladder and annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the middle of the back which interfered with my duties. When a friend advised me to try Doan's Kidney Pill, I got a box at the Wood & Son's Drug Store. They gave me prompt relief and I know that they are an excellent remedy."

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE CARDUI Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

Gypsies Buy \$1,000 Worth Ponies

Lexington Herald.

An organized band of about seventy-five gypsies left Lexington yesterday about noon after having spent the last two or three days in and around Lexington. The party carried wagons and they had about thirty horses. They were prosperous and seemed to have considerable money as a deal they made with Mr. L. C. Price, proprietor of Penmoke Stud, the well known Shetland breeder, attests. They bought from Major Price over \$1,000 worth of ponies and Mr. Price stated they seemed to have plenty more money.

The following letter from Mrs. Orville Rock will show how unwise it is for women to submit to the dangers of a surgical operation when often it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement

ment. I could not be on my feet for a long time. My physician treated me for several months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

A WOMAN'S WISDOM.

The worried mother wakes up to hear her baby's heavy breathing—a little cough—perhaps the croup or whooping cough. She does not want to send for the doctor when perhaps the trouble does not amount to much. Finally she thinks of that medical book her father gave her, The Common Sense Medical Adviser, by R. V. Pierce, M. D. She says "just the thing to find out what is the matter with the little dear." Two million households in this country own one—and it's to be had for only 31c, in stamps—1,000 pages in splendid cloth binding. A good family adviser in any emergency. It is for either sex. This is what many women write Dr. Pierce—in respect to his "Favorite Prescription," a remedy which has made thousands of melancholy and miserable women cheerful and happy, by curing the painful womanly diseases which undermine a woman's health and strength.

"My desire is to write a few lines to let you know what your valuable medicine has done for me," writes Mrs. MARGARET ZUBERT, of 223 S. Bentlton Street, Baltimore, Md. "Before the store came to our house I was very ill, a woman I wrote you for advice, and was kindly given and which made me a different woman in a short time. After taking the first bottle of 'Favorite Prescription' I began improving so that I hardly knew I was in such a condition. I did my own housework—washing and ironing, cooking, sewing, etc. and would have a fit of whooping cough before—so easy was it. The baby is as fit as a butter-lull. Dr. Pierce's Favorite Prescription is the best medicine for any woman to take when in this condition. I recommend it to all my friends."
